ARCHITECT KNOCKDOWN

This team building exercise requires groups to work together to build a structure that is indestructable to protect the precious gold! Then each team will have the opportunity to knockdown the other structures. The team with the most blocks standing gets awarded special points.

LOW ROPES

Groups challenge their team-building and problem solving skills by participating in our wide variety of low ropes obstacles, including our Swinging Log, Gilligan's Island, Whale Watch, Spider Web and more! See how many challenges you and your team can conquer together!

SPORTS MANIA

This activity gets our groups moving and despite its name, you don't have to be a natural athlete to participate! By working as a team, groups have a chance to collect points at various stations, including frisbee throw, spiral football throw, hole-in-one and soccer shoot-out.

HOOP BOWLING

Forget the lanes—this is bowling with a twist! Team up to launch balls into hoops, score points, and master your strategy. It's a high-flying, point-scoring challenge where teamwork and tactics rule the game!

Aspiring musicians and the rhythmically challenged alike will enjoy this musical activity! Our Djembe, West African drums sound beautiful as our groups are led in songs and games, all while they learn drumming technique and add their own flair! A great way to build community and share stories,
